

INDEX TO VOLUME 96

- Additions to the flora of Newfoundland. III. 195-203
Alnus acuminata 69-74
Alnus jorullensis 69-74
 Anderson, Jeanne E and A. A. Reznicek. *Glyceria maxima* (Poaceae) in New England. 97-101
 Angelo, Ray. Computer method for producing dot distribution maps. 190-194
 Arctic and subarctic additions 195-203
Arenaria biflora 198-199
Arenaria sajanensis 198-199
 Argus, George 110
 Atlas 190-194
- Ball, Peter W. and Margaret Zoladz. Taxonomy of *Carex petricosa* (Cyperaceae) and related species in North America. 295-310
 Bernard, John M. and Franz K. Seischab. Life history of shoots of *Carex comosa* F. Boott. 179-189
 Biodiversity 121-169
 Biology and taxonomy of the *Portulaca oleracea* L. complex in North America: erratum. 109
 Bog fen 327-353
 Boivin, Bernard 111-112
 BOOK REVIEW 110, 111
 Bornbusch, Alan H., Lesley A Swender and Deborah L. Hoogerwerf. Genetic variation in Massachusetts populations of *Cypripedium arietinum* R. Brown in Ait. and *C. acaule* Ait. (Orchidaceae). 354-369
 Botanical history 75-96
 Bouchard, André 195-203
 Brouillet, Luc 195-203
 Burk, C. John. Evolution of a flora: early Connecticut Valley botanists. 75-96
- Calcareous fens of western New England and adjacent New York State. 44-68
Callitriche hermaphrodita 370-381, 383-386
Callitriche heterophylla var. *bolanderi* 370-381, 383-386
Callitriche heterophylla var. *heterophylla* 383-386
Callitriche marginata 370-381, 383-386
Callitriche nuttallii 383-386
Callitriche peplodes 370-381, 383-386
Callitriche stagnalis 370-381, 383-386
Callitriche terrestris 383-386
Callitriche trochlearis 383-386
Callitriche verna 383-386
Carex distichiflora 295-310
Carex sect. *Aulocystis* 295-310
Carex comosa 179-189
Carex franklinii 295-310
Carex kobomugi 103
Carex lepageana 295-310
Carex mangursina 295-310
Carex misandroides 295-310
Carex petricosa var. *misandroides* 295-310
Carex petricosa var. *petricosa* 295-310
Carex stenocarpa 295-310
 Cayouette, Jacques 110
Cerastium terrae-novae 198
 Champlin, Richard L. Notes on the Rhode Island flora. 102-103
 Character analysis 311-326
 Chromosome counts for *Callitriche* (Callitrichaceae) in North America. 383-386
 Chromosome numbers 69-74, 383-386
 Chromosome numbers of some Latin American species of *Alnus* (Betulaceae). 69-74
 Coastal algae 207-258
 Colt, L. C., Jr. *Desmonema wrangellii* (Ag.) Bornet et Flahault, a new record for Maine. 104-108
 Columbia 69-74
 Comparison of the Marine algae from the Goleta Slough and adjacent open coast of Goleta/Santa Barbara, Cal-

- ifornia with those in the southern Gulf of Maine. 207-258
 Computer method for producing dot distribution maps 190-194
 Connecticut Valley 75-96
 Conservation 354-369
 Cooley, Dennis 75-96
 Costa Rica 69-74
 Cow-lilies 170-178
 Crow, Garrett E. 1-29
Cypripedium acaule 354-369
Cypripedium arietinum 354-369
- Danthonia intermedia* 198
Desmonema wrangellii (Ag.) Bornet et Flahault, a new record for Maine 104-108
Diphasiastrum 287-293
 Disjuncts 327-353
 Distribution 295-310
 Distribution map 190-194
Dryopteris filix-mas 102
- Early successional species 259-286
 Ecology, reproductive biology and population genetics of *Ophioglossum vulgatum* (Ophioglossaceae) in Massachusetts. 259-286
 Edlund, Sylvia 110
 Environment and vascular flora of northeastern Iowa fen communities. 121-169
Epifagus virginiana 103
Epipactis helleborine 103
 Estuarine algae 207-258
 Evolution of an flora: early Connecticut Valley botanists. 75-96
 Exine reduction in Underwater flowering *Callitriche* (Callitrichaceae): implications for the evolution of hydrophily. 370-381
- Fen 327-353
 Fens 121-169
 Fern reproductive biology 259-286
 Flora of Iowa 121-169
 Flora of Massachusetts 75-96
- Floristic diversity of a disturbed western Ohio fen. 327-353
 Floristics 1-29
- Genetic variation 354-369
 Genetic variation in Massachusetts populations of *Cypripedium arietinum* R. Brown in Ait. and *C. acaule* Ait. (Orchidaceae) 354-369
 Genome analysis 287-293
 Gervais, Camille 69-74
 Gilman, Arthur V. New tri-hybrid lycopod, *Diphasiastrum digitatum* × *sabinifolium*. 287-293
Glyceria maxima (Poaceae) in New England 97-101
 Goleta Slough 207-258
 Graduate Student Research Award Announcement 382
 Guatemala 69-74
- Hay, Stuart G., André Bouchard and Luc Brouillet. Additions to the flora of Newfoundland. III. 195-203
 Hehre, Edward J. 207-258
 Hellquist, C. Barre 110, 170-178
 Heterostyly 311-326
 Hitchcock, Edward 75-96
 Hoogerwerf, Deborah L. 354-369
 Hunt, David 75-96
 Hybrid 287-293
- Iowa flora 121-169
- Lady's slipper orchids 354-369
 Les Cypéracées de l'est du Canada 111-112
 Levy, Foster 311-326
 Life history 179-189
 Life history of shoots of *Carex comosa* F. Boott 179-189
 Lycopod 287-293
Lycopodium 287-293
- Massachusetts 75-96, 259-286
 Mathieson, Arthur C. and Edward J. Hehre. Comparison of the Marine algae from the Goleta Slough and adjacent open coast of Goleta/Santa

- Barbara, California with those in the southern Gulf of Maine. 207-258
- Matthews, James F. Biology and taxonomy of the *Portulaca oleracea* L. complex in North America: erratum. 109
- McCormac, James S. and Gregory J. Schneider. Floristic diversity of a disturbed western Ohio fen. 327-353
- McJannet, Cheryl 110
- McMaster, Robert T. Ecology, reproductive biology and population genetics of *Ophioglossum vulgatum* (Ophioglossaceae) in Massachusetts. 259-286
- MicroCAM 190-194
- Minuartia biflora* 198-199
- Moore, Darrell, Dallas Mullins and Foster Levy. Pollen and pubescence characteristics of *Oxalis grandis* Small. 311-326
- Morus rubra* 103
- Motzkin, Glenn. Calcareous fens of western New England and adjacent New York State. 44-68
- Mullins, Dallas 311-326
- Nekola, Jeffrey C. Environment and vascular flora of northeastern Iowa fen communities. 121-169
- New England 190-194
- New England marine algae 207-258
- New England Note 97-101, 102-103, 104-108
- New tri-hybrid lycopod, *Diphasiatrum digitatum* \times *sabinifolium* 287-293
- New York, central 179-189
- Newfoundland 195-203
- Nomenclatural notes in Nymphaeaceae for the North American Flora. 170-178
- North America 295-310, 383-386
- Notes on the Rhode Island flora 102-103
- Nuphar lutea* ssp. *rubrodisca* 170-178
- Nuphar advena* 173
- Nuphar lutea* ssp. *advena* 173-176
- Nuphar rubrodiscum* 172-173
- Nymphaea advena* 173-176
- Nymphaea odorata* 170-172
- Nymphaea odorata* ssp. *tuberosa* 170-172
- Nymphaea tuberosa* 170-172
- Observations on reproduction in *Triphora trianthophora* (Orchidaceae). 30-43
- Ophioglossaceae 259-286
- Ophioglossum vulgatum* var. *pseudopodium* 259-286
- Orchid 30-43
- Ordination 44-68
- Osborn, Jeffrey M. 370-381
- Oxalis grandis* 311-326
- Padgett, Donald J. and Garrett E. Crow. A vegetation and floristic analysis of a created wetland in southeastern New Hampshire. 1-29
- Panicum amarum* 102
- Peat mining 327-353
- Philbrick, C. Thomas and Jeffrey M. Osborn. Exine reduction in underwater flowering *Callitriche* (Callitricaceae): implications for the evolution of hydrophily. 370-381
- Philbrick, C. Thomas. Chromosome counts for *Callitriche* (Callitricaceae) in North America. 383-386
- Pollen 311-326
- Pollen and pubescence characteristics of *Oxalis grandis* Small 311-326
- Pollen ultrastructure 370-381
- Population genetics 259-286
- Porter, Jacob 75-96
- Prairie fen 327-353
- Primula stricta* 196-197
- Pubescence 311-326
- Ramets 179-189
- Rare plant species 259-286
- Rare plants 1-29, 327-353
- Rare species 121-169
- Rare vascular plants in the Canadian Arctic (Review). 110
- Restrepo, Guillermo and Camille Gervais. Chromosome numbers of some

- Latin American species of *Alnus* (Betulaceae). 69-74
 Reznicek, A. A. 97-101
- Sagina caespitosa* 199-200
Sagina nivalis var. *caespitosa* 199-200
Sagina linnaei 200-201
Sagina saginoides 200-201
Salix ambigua 197
Salix arctica 198
Salix argyrocarpa 197
Salix labradorica 197
 Schneider, Gregory J. 327-353
 Seaweeds 207-258
 Self-fertilization 259-286
 Southern California 207-258
 Species concept 287-293
 Standley, L. A. 111-112
 Substrate disturbance 327-353
 Swender, Lesley A. 354-369
- Taxonomy 295-310
 Taxonomy of *Carex petricosa* (Cyperaceae) and related species in North America. 295-310
Thelypteris palustris var. *pubescens* 102
- Triphora trianthophora* 30-43
 Tropical highland forest 69-74
 Tuberosids 30-43
- Underwater pollination 370-381
- Vascular flora 195-203
 Vegetation classification 44-68
 Venezuela 69-74
 Vermont 287-293
- Water-lilies 170-178
 Wetland mitigation 1-29
 Wetlands 1-29, 44-68
 Wiersema, John H. and C. Barre Hellquist. Nomenclatural notes in Nymphaeaceae for the North American Flora. 170-178
 Williams, Stephen West 75-96
 Williams, Susan A. Observations on reproduction in *Triphora trianthophora* (Orchidaceae). 30-43
 WordPerfect 6.0 190-194
- Zoladz, Margaret 295-310
